

To our esteemed friends and supporters of the Italian American Baseball Foundation:

We hope that you, your families and loved ones are continuing to stay safe and well during these unprecedented times.

As we are sure you're already aware, the coronavirus (COVID-19) pandemic has suddenly taken a surge resulting in travel advisories from 19 states (and counting!), delay of business openings and at times reversing original limited openings. For that reason, we've made the difficult decision to cancel our 2nd Annual Charity Golf Outing benefiting The Italian American Baseball Foundation. While we know this is disappointing, we hope you can understand the steps we're taking to help keep our families, friends and supporters safe.

We will be processing refunds for everyone who registered and paid for this outing. Thank you for your interest, and for your understanding during these unprecedented times.

For now, mark your calendars for September 13, 2021 for what we hope will be a great day of golf, friendship and fun as we support our future MLB Players, Softball Players and Olympians achieving their dream through the Italian American Baseball Foundation's mission.

We think only of your health, well-being, and that of your families, loved ones and friends. We thank and appreciate all those on the front lines of the fight against the virus and we wish you all well.

Stay safe,

Italian American Baseball Foundation

Italian American Baseball Foundation Golf Committee
